

MONASH MALAYSIA MEDICAL EDUCATION CONFERENCE (MMMEC) 2019

# Fostering Work Readiness Among Medical Graduates

**Date: 25 & 26 January 2019**

**Venue: Monash University Malaysia**

## Program Overview

With 35 established medical programmes in Malaysia and 3,000 medical students graduating annually, there is a strong need to ensure that medical graduates are work ready by the time they leave their alma mater. Work readiness is not just equipping students with the tools of trade but also involves appropriate assessment to ensure that they can successfully assimilate and integrate into the clinical workplace.

This one and a half day conference targets work readiness amongst medical students with focus on professionalism issues, patient safety, student resilience and mental wellbeing. It is delivered by experienced local and international academics through a series of keynote lectures, plenaries, interactive forum and workshops.

**12 CPD POINTS**

## Poster Sessions

Poster sessions will provide participants with a golden opportunity to share their experience and research in work readiness, and also a chance to win the best poster award.

## Objectives

This conference aims to provide hands on experience in key topics of work readiness. Participants will gain valuable information on issues related to professionalism and medical student resilience and wellbeing, in addition to having a better appreciation of patient safety issues and the use of technology to assess work readiness. The poster sessions will provide an excellent avenue to showcase and promote collaboration on work readiness.

## Target Audience

Senior management in health and medical settings; clinical, healthcare and basic sciences educators; clinicians; academics involved in curriculum design/implementation of assessment processes; researchers in the field of work readiness; medical students.

## Cash Awards & Travel Grants

- Three MMMEC 2019 Best Poster Awards – Cash prizes for best posters
- Three 'MMMEC 2019 Travel Grants' (RM500 each) available for application by delegates (selected competitively based on confirmed acceptance of poster; delegate must be less than 40 years of age; must indicate intention to apply for MMMEC 2019 Travel Grant by email to Ms Devi Arunasalam / Ms See Wai Mun)

## Keynote Speakers

Associate  
Professor Dr  
Paul McGurgan

Dr Arvind  
Damodharan

Associate  
Professor  
Dr Rafidah Atan

Dr Julia  
Harrison
